Jacob & Co Epic X FLIGHT OF CR7

Cristiano Ronaldo is a long-standing and close partner to Jacob & Co. He and Founder and Chairman Jacob Arabo have established a strong relationship based in trust and respect over the past twenty years. Jacob Arabo met Cristiano Ronaldo when the Madeira-born football player was a promising rising star and their friendship has never failed ever since.

Both men immediately found common ground in their quest for excellence. They crafted their success from the ground up and achieved it through relentless determination and work. Their relationship has now grown into a business venture in which Jacob & Co designs and manufactures timepieces after the image of Cristiano Ronaldo, which are co-branded by both powerhouses.
