

RIGINOV

MY CHECKLIST

We kindly advise everyone who is considering to make any purchase, to visit our website and read our **Education & Guidance** section.

It will guide you and enrich your knowledge and confidence in all terms of the most important characteristics.

It will assist you and serve you with all the necessary information you need in order for you to make the right purchase.

Familiarize yourself with the 4C's, they help determine the value and the beauty of each diamond.

When selecting a diamond, your choice should be made with care and consideration to ensure you make the right investment and get your deserved quality and service.

Tip: Always ask if the diamond is natural and not enhanced by any treatment, as many jewelers are not mentioning it to increase their profit.

*"The wrong jeweler will find a way to cheat you, no matter how much you know.
The right jeweler will give you an honest deal, no matter how little you know."*
